Such punishment might be inflicted every day in the week, and still it would not muzzle the press of either party, for the press of each party has courage beyond a National appointment.

An Amazing Proposition to Gav. Wilson. Very interesting correspondence be-tween ex-Governor Pierpont and Governor Wilson appears in another column. It is doubtful whether another Republican in West Virginia would have made the amazing proposition that Governor Wilson shall afford no opportunity to try the contest between Judge Fleming and General Goff, himself holding through the term of four years for which he is not eligible. To propose this to Governor Wilson was to ask him to cover

himself with dishoner. The reply of Governor Wilson to this peculiar suggestion is high-toned and

manly, one of the most creditable things we have had from him in his public career. "It is the right of the people that the contest shall be disposed of," and Governor Wilson's duty to convene the Legislature is quite as clear as he conceives it to be.

DEAR Sin:—Yours of the 15th inst.,
suggesting that the Legislature be not
convened in extra session to determine the Gubernatorial contest, was received.

Of course an extra session will neces-Of course an extra session will necessarily entail expense; but it cannot be avoided. Under the constitution and statutes of the State an election was held in November last to choose my successor. Contest proceedings were instituted in the manner provided by law, but by reason of defects in the statutes they could not be terminated during the regular session of the Legislature. The constitution provides that "The Governor may, on extraordinary occasions, convene, at his own instance, the Legislature, &c."

It is the right of the people that the contest shall be disposed of, the result of the election sacertained and declared, and that the servant whom they have chosen shall enter upon the discharge of his own appointments, and remarkably

hosen shall enter upon the discharge of chosen shall enter upon the discharge of his duties.

The fact that the contest is still pending and the result has not been declared, creates such "extraordinary occasion" as to imperatively demand an extra session of the Legislature, the only tribunal having the power to ascertain and declare the result.

Deafness Can't be Cured

Dealness Can't be Cured
by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure Dealness,
and that is by constitutional remedies.
Dealness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube gets inflamed
you have a rumbling sound or imperfect
hearing, and when it is entirely closed
Dealness is the result, and unless the
inflammation can be taken out and this
tube restored to its normal condition,
hearing will be destroyed forever; nine
cases out of ten are caused by catarrh,
which is nothing but an inflamed condition of the mucus surfaces.

We will give One Hundred Dollars for
any case of Dealness (caused by catarrh)
that we cannot cure by taking Itali's Catarrh Cure. Send for circulars, free.
